

NORLAKE[®]

GRAND[™] SERIES GLASS DOOR REFRIGERATORS

Nor-Lake's advanced engineered commercial design incorporates the latest in cabinet, refrigeration and temperature control and monitoring features. Full size Reach-in Refrigerators provide energy efficient, convenient, safe and reliable performance for optimal storage temperature environments necessary for a wide range of commercial and industrial cold storage applications.

Standard Product Features:

- Digital LED display microprocessor temperature controller
- Selectable °F or °C control
- Visual Hi/Lo temperature alarm
- Adjustable control range from +2°C to +10°C (+35.6°F to +50°F) ; factory preset at +4°C (+39°F)
- Door open alarm
- Continuous temperature display
- Condenser cleaning reminder alarm
- Power supply switch
- Exterior cabinet front and sides are stainless steel
- Exterior cabinet top, back and bottom are galvanized steel
- Interior cabinet liner is stainless steel
- Cabinet is foamed-in-place with CFC-free high density polyurethane foam insulation
- Full-length glass door(s) with pivot hinges. Self-closing with 90° stay open feature
- Magnetic door gaskets
- Top mounted key door lock(s) (2 keys)
- 4 casters (2 locking) on one and two door models, 6 casters (3 locking) on three door model
- Field installation of casters required
- 4 vinyl coated wire shelves per door section
- Perimeter anti-condensate door frame heater wires
- Interior light, switch activated
- Bottom mounted air cooled condensing unit
- Top mounted forced air cooling coil
- Automatic defrost and condensate evaporation
- Warranties: 18 month parts and labor, 5 year compressor (US and Canada), 18 months parts (International)
- UL, C-UL, ETL Sanitation

Optional Features:

- Data Logger/Thermometer Monitor with Digital Display with alarm (field install)
- Extra shelf
- Legs in lieu of casters (6")
